## Skills

**Go**

**SQL & NoSQL**  
Postgres, Redis, MongoDB

**Role Management**  
Casbin

**Linux Proficiency**  
Experienced with Linux installation, customization, and command-line operations.

## Experience

### GlobalMove

Golang Backend developer

August 2024  
Remote

- Utilized MongoDB for efficient storage of repository and user activity data.
- Integrated GitHub API to calculate and provide detailed project statistics and insights.

### Self Employed

Golang Backend developer

July 2024-September 2024  
Remote

- Managed a PostgreSQL and Redis-backed system, handling high-traffic news and ad postings.
- Optimized API response times, significantly enhancing the user experience.
- Implemented a weather and currency integration, providing dynamic and real-time updates to users.

## Projects

### Github Tracker Backend

Tool for Project Managers to track developers' work.

August 2024

- Enhanced Performance:** Reduced data retrieval times by 40% through effective use of Redis for caching.
- Calculated Key Metrics:** Created statistical reports on repository activities and team performance, processing data for all repositories by given organization.

### News posting website backend

Real project for posting news. Also has admin panel

July 2024

- Configured Role-Based Access Control (RBAC)** with Casbin, securing 4 **different user roles** and more than **50 unique permissions**.
- Unified File Upload API:** Developed a single API for file uploads with built-in image customization, improving website image fit and performance by 50%.
- Docker Integration:** Utilized Docker to containerize the application, resulting in a streamlined deployment process with a 10x reduction in setup time across environments.

## Education

### Andijan Machine-building institute

September 2023 - May 2028  
Management

<https://web.andmiedu.uz/uz>

### Najot Ta'lim

December 2023  
Bootcamp Golang

<https://najottalim.uz/>

## Certifications

### Stepik Certificate for completing Golang course

Новиков Семен

<https://stepik.org/cert/2304821?lang=en>

December 2023

### Golang Bootcamp Certificate

Temurbek Adhamov

Awarded by Najot Ta'lim for successfully completing an intensive Golang Bootcamp, demonstrating proficiency in Go programming through rigorous training.

## Languages

**Uzbek**

Native

**English**
